senior moments

Dear Class of 2016,

If you are reading this, **YOU ARE ABOUT TO GRADUATE!** Let me be the first to say, "Congratulations!" This is a major accomplishment. I am sure that you are feeling mixed emotions. You are ecstatic that your four years of hard work has finally come to completion, but, you may also be saddened that some of the familiar Central relationships you are used to may not be convenient anymore. While that's our reality, it's still not the end. We are always family. Although we are sad, the time is still here and I must let you go into the world to continue to discover yourself. I am also charged at this moment to give you the last resounding message. There are so many things I can tell you guys. Well here goes...

These four years with you have been memorable. We had great times, sad times and even some difficult times. But despite it all, we are a family. We are the **BLUE DEVILS** Family! We made Central into our own place. Didn't we?! Big Tuesdays, Science Fairs, Academy Days, Multicultural Day, Pep Rallies, Women's/Men's Day and many more! We created something that was different from any school, different from anything you have ever experienced. While we are unique and will be missed, it's time for us to go to the next level. That same magic that we created here, **YOU** have the power to transform the next place you go to or even to transform the world. **DO YOU BELIEVE THAT?** **YOU** have the power to transform the world. Please, make your life memorable! Invest in your own future. Allow yourself to experience the best. One mistake that many people make is to live small! They live small by being afraid to follow their dreams or by not investing in their future. Many live small by being afraid to go to college or by not trying because they are afraid to fail. Promise me, **CLASS OF 2016**, that will not be you.

We have proven to each other already that anything is possible. We have proven to each other that with love and teamwork, we can take an idea and bring it into fruition. We have proven to each other that hard work does pay off in the end, if we are patient. We have proven to each other that we can win! Take these same principles and apply it to your life after high school. **SPREAD the BIG BLUE PRIDE!**

CLASS OF 2016, show the world that at this school.

We did

Cultivate Energetic Naturally Talented Responsible Altruistic Leaders!

Make the world a better place by unabashedly being who you were created to be!

This is just the beginning. Make me proud!
I love you much,

R.I.P. Our Beloved

Mrs. Okafor

Mrs.Okafor,

A teacher who was a helper to all the ones she loved.

**She was a tough lady, kind and beloved;
born in Nigeria, an intelligent and giving soul.**

**She gave love, new lessons, and new ways to reach the
main goal**

**A teacher that was a mom and like a mom wanted the
best for her students, her two daughters, and one son.**

**Mind always on education, classroom was always a
workstation.**

**Strict teacher on the outside, loving mother on the
inside**

**Mrs. Okafor, the teacher who showed love while she
taught.**

You loved to give up lifting and memorable speeches

**Now we'll share your memories as we pass through
your door**

Knowing that you're in Heaven, we'll miss you.

CHS

Dear class of "2016" you arrived here at Central four short years ago, and now it is time for you to graduate. It seems like only yesterday you were freshmen fighting with the locks on your lockers, trying to figure out where your next class was, and looking clueless to all the upper classmen. Now you are the upperclassmen, the leaders who are ready to graduate and move forward in the world. You have completed a basic education that will serve as the platform for you to use to launch your futures. Some of you will go on to college, some will go to trade school, some will go to the armed services others will go straight into the work force, and you will all travel your own path. No matter where you go or what you do, there will challenges ahead. What I am asking from each of you, is to meet those challenges straight on with your head held high and your heart wide open. It is not enough to simply try to get by in life. That does not move the world forward. You must try to excel in everything you do; strive for excellence in every task, large or small. My challenge to each of you is to do all that you can do to reach your full potential and know that we here at Central High will be around to encourage and support you.

Congratulations, Peace, Love and Blessings
